My IBRANCE dose: \_\_\_\_\_

## Here's your checklist:

- Record the day you start taking IBRANCE and tell your healthcare team your start date.
- Weeks 1-3, take IBRANCE + letrozole (sometimes called Femara®). Week 4, take letrozole only.
- Check off your daily doses.
- Print out a tracker every time you start a new cycle and record any dosage changes.
- Remember to refill your prescription on time and always follow your healthcare team's instructions.
- If it's your first or second cycle, make sure you have a blood test (complete blood cell count) appointment scheduled on day 14.

Femara is a registered trademark of Novartis Corporation.

Record your start date and mark every day you take your therapy.
